

NO REINSTATEMENT OF STRIKING POLICE

Amendment to Boston Rules Leaves No Loophole Even for Veteran Bluecoats

UNIONS VOTING ON STRIKE

By the Associated Press Boston, Sept. 17.—The striking policemen will not be reinstated under any conditions. Edwin U. Curtis, police commissioner, reiterated this today when his attention was directed to the construction placed in some quarters on an amendment to the department rules announced last night. It had been pointed out that the change, which permits suspension for violation of regulations, might be construed as leaving a loophole by which some of the older men of the department who before the strike had served the city long and faithfully might regain their positions. Commissioner Curtis declared, however, the change had been made to meet new conditions and had no bearing on the present situation. The cases of 125 policemen on vacation or sick leave when the strike began are now under consideration. Each man will probably have an individual hearing. Although nine-tenths of the unions affiliated with the Boston Central Labor Union have already voted to support the police strikers "to the limit," union leaders asserted today that this did not indicate any immediate general strike. It was generally felt that there would be no definite change in the situation until after the meeting of the Central Labor Union next Sunday at which reports of the strike votes taken during the week will be received from the local unions. The Boston web pressmen's union, whose members are employed on local newspapers, balloted today on the question of participating in a general strike. The news writers' union meets today. A strike vote also was taken today by the typographical union.

WAR HERO SHOT IN BRAIN

Fatally Wounded While Wrestling for Possession of Pistol Mahanoy City, Pa., Sept. 17.—While wrestling with his friend Andrew Batoravage, of Mahanoy, today for the possession of a .32-caliber revolver, Joseph Killeulen, aged twenty-two years, was fatally shot, the bullet entering his brain. Batoravage was arrested. Killeulen served overseas two years and was cited for bravery in action in the battle of Argonne Forest.

Pastor Falls to Cut Weeds; Fined

Reading, Pa., Sept. 17.—Because he failed to cut thistles on his farm in Maiden Creek township after warning from his farmer neighbors, the Rev. M. H. Bressinger was ordered by a civil court jury here yesterday to pay the supervisors of the township \$27.15 and costs for cutting the weeds. Bressinger pleading labor shortage as his defense.

Wilson Signs Legion Act

Hornbrook, Calif., Sept. 17.—President Wilson has signed an act of Congress incorporating the American Legion, an organization of veterans of the world war.

D'ANNUNZIO STILL MASTER IN FIUME

Italian General Tells Insurgent Troops Their Invasion "Cannot Be Tolerated"

Geneva, Sept. 17.—(By A. P.)—Gabriele d'Annunzio is still master of the situation of Fiume, of which he took possession recently at the head of insurgent Italian forces, refusing to obey the Italian governments order to return with his troops, according to advices which have reached here, despite the extreme rigor of the censorship.

The British and American contingents in the city were looted and hissed by the population as they marched to their warships, the advices state, but embarked safely on their vessels. The French contingent is said to have remained in Fiume, barricaded in its barracks.

Of the Italian sailors who landed in Fiume, only 100 remained in the city at the last advices, the others having rejoined their ships, the official advices state.

General Badoglio, who was sent by the government to Fiume to handle the situation, has issued a proclamation denouncing the volunteers as men "who abandoned their posts and went to Fiume, creating a state of things which cannot be approved or tolerated."

Another report from Fiume declares that the D'Annunzio partisans have made arrangements looking to the destruction of the city in case resistance becomes futile.

The Jugo-Slav peace delegation in Paris has issued a statement indicating that Italian regular troops are moving on the city. The Italian battleship Dante Alighieri is said to have been damaged by her crew and has been unable to leave the port of Fiume.

LUXEMBOURG TO VOTE RULE

Plebiscite Will Be Held on Form of Government Luxembourg, Sept. 6.—Correspondence of the Associated Press.—A plebiscite is to be held in the grand duchy of Luxembourg, after the ratification of the treaty of peace, to determine whether the form of government shall be changed, and also to determine whether the duchy shall join France or Belgium economically. At present the grand duchy is governed by a council of fifteen members and a chamber of deputies of fifty-two.

There are two political parties, the Liberals and Conservatives, who are divided along the usual lines of how far the church influence should extend to political affairs, and also a line of cleavage is now growing up as to whether the grand duchy shall lean toward France or Belgium. The grand duchy is really ruled by the president of the council, who is named by the grand duchess on advice of the majority of the Chamber of Deputies, following the usual parliamentary system.

STEEL MEN MEET; FIRM FOR STRIKE

Suspension Sept. 22 Certain Unless Gary Yields and Meets Workers

UNION SOLID, SAYS LEADER

Pittsburgh, Sept. 17.—The national committee for organizing iron and steel workers went into session here shortly before noon today to take definite action on the matter of postponing the strike of iron and steel workers, called for September 22. Before going into the meeting John Fitzpatrick, Chicago, chairman of the national committee, said that, unless there was a "last minute" telegram from Elbert H. Gary, chairman of the board of the United States Steel Corporation, no postponement of the strike as requested by President Wilson until after the industrial conference at Washington October 6, would be considered.

Fitzpatrick said the men were fully organized and prepared to walk out next Monday. The meeting of the national committee today was called primarily to make preparations for the proposed strike.

Organizers who met at Youngstown, O., yesterday report plans for a strike Monday in the Youngstown district, including Sharon, Farrell and New Castle, Pa.; Niles, Warren, Struthers, Lowellville, Massillon and Canton, Alliance and Lorain, O. Steel mills in Youngstown proper employ 39,500 men, with nearly 11,000 more in smaller factories.

New York, Sept. 17.—(By A. P.)—E. H. Gary, chairman of the board of the United States Steel Corporation, declined today to comment on the announcement of John Fitzpatrick that only a last-minute telegram from him would avert a strike of steel and iron workers. It was learned, however, that Mr. Gary has written a letter to the heads of the steel corporation's subsidiaries in connection with the threatened strike, and it was intimated this might be made public late today or tomorrow.

Chicago, Sept. 17.—A general walk-out of steel workers in the Chicago district said to number 120,000, at 6 o'clock Monday morning, will be called unless E. H. Gary, chairman of the United States Steel Corporation, agrees today to meet the committee of the international Iron and Steel Workers, according to Theodore Vind, international organizer and president of the South Chicago Trades and Labor Assembly.

PRINTERS WILL ARBITRATE

Answer Threat of New York Publications to Quit or Move New York, Sept. 17.—(By A. P.)—Officials of "Six Six," the local union of printers, whose demands for an increase of \$14 a week in all present wage scales in book and job offices, and the establishment by October 1 of a forty-four-hour week, have been met by a threat on the part of 152 New York periodical publishers to suspend publication or to move their plants to western cities, announced today their willingness to arbitrate the question of higher pay.

They declared they were determined, however, to insist on their demand for shorter hours, refusal of which would mean a strike. As evidence of their determination to press their demands, strikers pointed out that a 10 per cent assessment, amounting to \$40,000 a week, was being collected from the men for a strike fund.

John Adams Thayer, secretary of the New York Publishers' Association, in a statement announcing the employers' attitude, said that "two publishers of publications of national circulation" were preparing to sell out their real estate in New York city.

BRITISH TO LEAVE SYRIA

Clemenceau and Allenby Arrange for French Occupation Paris, Sept. 17.—(By A. P.)—The agreement reached by Premier Clemenceau and Field Marshal Allenby, of the British army, concerning the occupation of Syria, provides for the evacuation of all British and French troops from the area north of the frontier between Palestine and Syria on or before November 1 by British troops, according to morning newspapers.

The British will be relieved by French forces, with the exception of the districts of Damascus, Hama and Aleppo, which will be left out of the area of occupation, but will pass under French influence, it is said.

BULLITT MUDDLED, SAYS LLOYD GEORGE

Statements a Garbled Account of Private Conversation, Premier Declares

"INACCURATE, GROTESQUE"

London, Sept. 17.—The Press Association has issued the following apparently authorized statement from Downing street, to which Premier Lloyd George returned last night: "William C. Bullitt's statements appear to be a garbled account of a private conversation with Mr. Lloyd George at a breakfast after Mr. Bullitt's return from Russia, together with a mixture of conversations with other people. "In the opinion of the premier, some of the statements are so ridiculous, as to carry their own refutation on the face of them; as, for example, the suggestion of an intention to send Lord Lansdowne to Russia as ambassador. "But, apart from examples of this kind, the suggestion is that the narrator's memory was hopelessly at fault. "While it is not suggested that Mr. Bullitt did not talk with the premier, it is categorically denied that any statement was given for publication, and the whole account is authoritatively declared to be absolutely inaccurate in important particulars and grotesque."

Washington, Sept. 17.—"My testimony as it appears in the official record is correct in every detail," William C. Bullitt said yesterday, referring to his recent appearance before the Senate foreign relations committee.

Receiver's Sale

In the Court of Common Pleas No. 2 for the County of Philadelphia, Commonwealth of Pennsylvania, June Term, 1918, No. 5298, In Equity: "Opafala vs. The James Hotel Co."

St. James Hotel in Philadelphia

The St. James Hotel property embodies three buildings—the Hotel at the southeast corner of 18th and Walnut Streets—the Annex—the Power House. The Hotel is a thirteen-story property in the very heart of the shopping and theater district. It is one block from Wanamaker's Department Store—one block from the Bellevue-Stratford—one block from the Ritz-Carlton. It has two passenger elevators, one service elevator, one sidewalk lift and one storeroom lift. Fire-proof construction.

The St. James Annex, at the corner of Walnut and Camac Streets, is a thirteen-story resident building, with two Otis plunger passenger elevators. The St. James Hotel and Annex together have 314 sleeping rooms, with 231 private baths, and 35 rooms with running water.

The Power House for the building is located at the corner of Camac and Chancellor Streets, in a building separate and apart, but connected by a tunnel with the two main Hotel properties. This is a five-story and double-basement building, with the equipment for the lighting, heating and water power for the use of the Hotels. On the second floor is a laundry capable of turning out 8000 pieces daily and a large starchwork department. Two other floors are used for barracks for the sleeping quarters for employees and the fifth floor for the carpentry and upholstery departments. These buildings are all in good condition.

MOTOR GRAMM BERNSTEIN TRUCKS

There is one feature of the Gramm Bernstein that appeals to experienced truck men even more than its sturdiness, power, appearance, reasonable price or the complete facilities of the Philadelphia Service Station.

It is the wonderful constant mesh transmission. You change speeds by shifting the dog clutches instead of the gears. Note the size of the clutch teeth as compared with the teeth on the gears. That's why G-B transmission gears never strip, corner chip or crack.

And this is only one of a dozen other G-B features that justify your investigation before you buy any truck.
